

**John Hagelin, Ph.D.**  
Quantum Physicist,  
Natural Law Party  
Presidential Candidate

**“M**ost Americans realize that we cannot survive the next millennium without a radical rethinking of our policies, institutions, and patterns of behavior. The Natural Law Party is providing new ideas, new solutions—new leadership for the new millennium.” —John Hagelin

**After decades of waiting for the two main political parties to do the right thing for America, I am ready...to take action.**

I understand that if we are to alter America's future we must do something now.

I recognize that the time has come to give a strong third party a chance.

I choose not to let this opportunity slip by, but to support the greatest moment of change in U.S. political history.

I agree that my commitment to John Hagelin and the Natural Law Party can make the difference in this election. Every vote counts.
